

World of Words: Collected Poetry of Earth

Poetry is a powerful form of expression that can capture the beauty, wonder, and complexity of the world around us. It can transport us to different times and places, introduce us to new perspectives, and help us to understand ourselves and others better. In the *World of Words: Collected Poetry of Earth*, editor Kwame Dawes has assembled a stunning collection of poems from around the globe that celebrate the diversity and interconnectedness of human experience.

The poems in this collection are as varied as the cultures that produced them. There are love poems, war poems, nature poems, and poems about social justice. There are poems written in English, Spanish, French, Arabic, Chinese, and many other languages. And there are poems from every continent, from the Arctic to the Antarctic.

Despite their diversity, the poems in this collection share a common goal: to connect people with each other and with the world around them. They remind us that we are all part of a larger human family, and that we all have a stake in the future of our planet.

A Tapestry of Voices

The *World of Words: Collected Poetry of Earth* is a tapestry of voices, a chorus of voices that sing of the human experience in all its beauty, complexity, and sorrow. It is a book that will inspire, challenge, and move you. It is a book that will remind you that you are not alone, and that you are part of something larger than yourself.

The Importance of Poetry

Poetry is more than just a form of entertainment. It is a vital part of human culture. It can help us to make sense of the world around us, to connect with each other, and to find our place in the universe. In a world that is often filled with noise and distraction, poetry can provide us with a much-needed moment of peace and reflection.

The poems in this collection are a testament to the power of poetry. They are poems that will stay with you long after you have finished reading them. They are poems that will make you think, feel, and see the world in a new way.

A Call to Action

The *World of Words: Collected Poetry of Earth* is a call to action. It is a call to action to connect with each other, to celebrate our diversity, and to work together to create a better world. It is a call to action to use our voices to speak out against injustice and to fight for a more just and equitable world.

Poetry can change the world. It can inspire us to action, it can help us to understand each other, and it can bring us together. Let us use the power of poetry to create a better world for ourselves and for our children.

About the Editor

Kwame Dawes is a Ghanaian-Jamaican poet, essayist, and editor. He is the author of numerous books, including *Wisteria: A Novel in Verse* and *Shook Foil: A Story of the Diaspora in Verse*. He is also the editor of *The Best American Poetry 2018*. Dawes is a professor of English at the University of South Carolina.
